

If you are paying to a SMSF (Self Managed Super Fund), you should ensure the destination fund is a complying fund and can accept SG Contributions. A list of complying funds is available on <http://superfundlookup.gov.au>.

Delays in superannuation contributions reaching superannuation funds are possible when using SCH-Online. A delay may result in you failing to meet your obligations under the Superannuation Guarantee (Administration) Act 1992 (SGA Act). Processing your contribution could be delayed if:

- 1) You provide incomplete or incorrect information in contribution data or in the information accompanying your payment;
- 2) You provide us with a payment that does not match the amount owing, including the required fee;
- 3) Errors are contained in the data file, such as data corruption, security breaches, viruses or a lack of integrity in electronic transmissions;
- 4) You do not allow sufficient time for payment to clear your bank.

For further information around what can cause delays and the processes involved, please refer to section 4.1 of the Product Disclosure Statement (PDS).
